Campuses Gearing Up for Unity Day and Red Ribbon Week Activities

Santa Fe students Ammy Cruz, Delaney Watson, Arianna Fisher and Micah Ford sported some crazy hairdos on Monday, to show they are "wild about being drug free." Santa Fe and Wheat MS are hosting Red Ribbon activities this week, with the majority of schools engaged in events next week. Red Ribbon Week is the nation's oldest and largest drug prevention campaign. Join with CISD in encouraging our students to say "yes" to a healthy lifestyle!

Students will wearing orange on Wednesday, October 23 in a united stand against bullying and in support of kindness, acceptance and inclusion, as observers of Unity Day.

CHS Engineering Student Among Winning Teams at Aggies Invent Junior Halliburton Challenge

Cleburne HS engineering student Jose Sanchez, working with three teammates from schools across the state, came away with first place honors at the Aggies Invent Junior Halliburton Challenge, held last weekend at Texas A & M University. Sanchez and his team developed a process to reclaim oil rig waste exhaust gas, which when treated with a simple chemical process, could be diverted back into the ocean to be safely neutralized. Four student representatives from CHS participated in the "by invitation only" engineering design experience in which participants focused on solving real-world needs. Teams were challenged to brainstorm, develop a design, then create a mock prototype which they would then present and "sell" to judges. The weekend event is based on the TAMU College of Engineering's Aggies Invent program. The CHS student engineering delegation also included Annabelle Yarbrough, Hugo Cuellar and Josie Pena, accompanied by Engineering teacher Roel Pena.
